

## NOTICE TO RESIDENTS ON NORTHERN END OF LIVE OAK DRIVE, GREEN OAK DRIVE AND RIVERCREST DRIVE

Dominion Energy Electrical Power Outage Planned  
from 9 a.m. to 4 p.m., Wednesday, October 11

I-495 Express Lanes Northern Extension (495 NEXT) Project

For safety and operational reasons, Dominion Energy will have an electrical power outage affecting customers on the northern end of Live Oak Drive, Green Oak Drive and Rivercrest Drive from 9 a.m. to 4 p.m. next Wednesday, October 11.

The power outage is necessary to transfer power from the existing power line along Live Oak Drive, which is in the path of the 495 NEXT project, to the recently installed new power line.

Following the power cut-over, the old power lines and poles will be removed, drainage will be installed and a short segment of Live Oak Drive in the vicinity of the Langley Swim and Tennis Club will be shifted slightly west.

In the event of inclement weather, the power outage/cutover will occur from 9 a.m. to 4 p.m., next Thursday, October 12.

Dominion Energy and the 495 NEXT project team regret any inconvenience caused by the unavoidable interruption of service.

*Dominion Energy will transfer electrical power from the old power line (left) to the new power line (right).*
