

NOTICE TO RESIDENTS NEAR OLD DOMINION DRIVE BRIDGE IN MCLEAN

Multi-lane Closures and Overnight Pile Driving for the
I-495 Bridge over Scott's Run Planned for February 19-24

I-495 Express Lanes Northern Extension (495 NEXT) Project

What's Happening?

Pile driving to construct the new Beltway bridge over Scott's Run is planned to occur during overnight hours next week, February 19 through 24. Scott's Run passes under the Beltway approximately 200 feet north of the Old Dominion Drive Beltway overpass.

Multi-lane overnight closures on the Beltway are needed from 11 p.m. to 5 a.m. on weekdays and 11 p.m. to 7 a.m. on weekends, to safely perform this work.

What Should Neighbors Expect?

Pile driving involves hammering steel piles into the ground to support the foundation of the future bridge. When active, neighbors will hear hammer strikes every few seconds.

All construction work is dependent on weather conditions and other factors.

This phase of pile driving will occur immediately adjacent to the Beltway, requiring multiple overnight multi-lane closures.
